I have been in touch with the plaintiffs, defendants and the World Trade Center Captive Insurance Company regarding negotiations on the proposed revised agreement to settle. Since intensive negotiations are said to be continuing, it would be inadvisable to distract the parties by requiring their submission of a reply brief on the motion for a stay on the date I set in my order dated May 7, 2010. Accordingly, the deadline is extended to June 18, 2010.

SO ORDERED.
